If your product's total price (sales price + sales tax) totals less than \$1,000 and you have an average credit score of 675 or better, you automatically qualify for our Expedited Application. All you need is your state ID and a copy of your personal check. Also, the minimum amount of time for you to be with your current employer(s) is four months. Expedited Applications are processed first. We attempt to get all Expedited Applications answered within 1 hour.

If your product's total price (sales price + sales tax) is greater than \$1,000 and/or your credit score is a bit lower than 675, don't be concerned. Here at Community Finance, we work very hard to approve all the applications received. We have a lot of experience in approving people with less than 'stellar credit'.

### GET PRE-APPROVED BEFORE YOU GET YOUR DOCUMENTS

When you walked into this store to do some shopping, you most likely didn't bring a file folder with the above documents inside them. We know that before you go home to grab them, you want to know if you would be approved. You got it. Simply fill out the application and the store will fax it over to us. Community Finance can pre-approve you with just a completed application! If you get pre-approved, we will call you or the store to let you know. Now you can go home, bring your documents to the store, and they will fax them over to us. When we match your documents up with your application, you're approved!

Applications will begin being reviewed as soon as we receive the completed application and paperwork. Remember to fill in all fields on the application and to sign it. Community Finance can usually answer your application within the hour. Our goal at Community Finance is to have all applications answered within one business day.
